

# Getting Gouged at the Pump?

## Have Your Say!

### TOWN HALL MEETING ON RISING GAS PRICES

**WHERE:** Grand Taj Banquet Hall  
8388 128 St.

**DATE:** Monday, June 25th

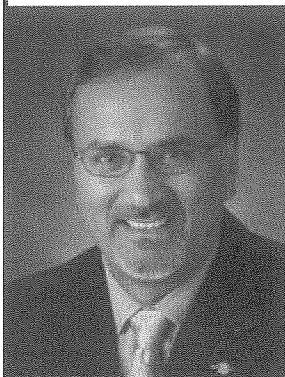

**WHEN:** 7:00pm

Have you noticed how gasoline prices go up just before a long summer weekend? If a bill put forward by the Official Opposition was passed into law, the BC Utilities Commission would regulate prices at the pump, protecting consumers from wild price surges.

More than 20,000 British Columbians have written their MLAs to support this bill, but the provincial government refused to take action.

Opposition Critic for Energy, Mines and Petroleum Resources
